WORK EXPERIENCE

Software Developer

Immply Cloud India Pvt. Ltd., Pune | March 2022 – July 2025

- Designed and developed RESTful APIs using Zend Framework for enterprise-grade modules.
- Built and maintained Campaign and Segment modules:
 - Campaigns: Managed milestone logic, customer segmentation linkage, and campaign benefit calculations.
 - Segments: Implemented dynamic rules engine based on product filters, customer actions, and behavioral conditions.

Web Developer

Georeach Technologies Pvt. Ltd., Pune | June 2019 – Feb 2022

- Developed custom web applications using Core PHP and Zend Framework.
- Implemented AJAX-powered interfaces for seamless user interaction and real-time data updates.
- Created modular, reusable backend components aligned with MVC and OOP standards.
- Optimized database operations using indexing, joins, and stored procedures.

Laravel

Developed and maintained web applications using Laravel framework.

Used Blade templates to build user-friendly web pages.

Integrated third-party services (e.g. Razorpay payment gateways).

User registration and login (Email, Google, Facebook)
